1. Policy Statement

ALGI declares its commitment to excellence by holding quality and integrity to its highest standard across all activities worldwide. We recognize that every action taken by every employee of ALGI, impacts our standard of service. Because of this, we promote a culture of awareness and accountability from within. We strengthen our commitment over time maintaining a keen focus on continuous improvement and effective communication channels throughout our organization.

ALGI is committed to complying with all client and scheme requirements, as well as abiding by all local legislation in every region where we conduct

2. Objective

ALGI services are provided in a professional, independent and impartial manner and in full compliance with client requirements, all applicable local legislation, and applicable standard requirements, as well as ALGI approved methods, practices and policies.

We continuously strive to reach the highest standard of quality through the implementation of a robust management system and continuous improvement processes.

3. Scope

ALGI employees worldwide will strive for excellence, set forth in this Quality Policy. This applies to all ALGI business operations and administrative activities, including all situations, where required employees provide services in the field.

4. Company Responsibility

In order to guarantee the highest quality in all services rendered by ALGI worldwide, in an impartial, consistent and traceable manner, ALGI has implemented a comprehensive management system that promotes the ethical behavior and competence of our members, the health and safety of our stakeholders, the efficiency of our auditing methods, the integrity of our procedures, and the compliance of our activities with the established auditing standards that are used in our operations.
